Thank you for your request for information which the GLA received on 13 July 2011. Your request has been dealt with under the Freedom of Information Act 2000.

Please note that the document in question analysed collisions from 2003 to 2006. Its first page bears the date 2008 and identifies it as having been produced within Transport for London (TfL). It was never formally published, and consequently, the Mayor did not receive advice as to the document's findings.

The Mayor has, however, received advice from traffic engineers at TfL that a 20mph speed limit on Blackfriars Bridge does not represent the best way forward.

Our response to your request is as follows:

1. The job titles of any traffic engineers who advised the Mayor's office that this report was not the best way forward.

The Mayor's office was not advised as to the findings of this report.

2. Any documents which formed the basis of the advice of any traffic engineers who advised the Mayor's office about this report.

See answer to question one

3. The names of any traffic engineers who advised the Mayor's office that this report was not the best way forward.

See answer to question one

4. The contents of all documents sent from the Mayor's office to TfL about this report.

The Mayor's office did not send any documents to TfL in reference to this report.

5. A list of all documents sent from the Mayor's office to TfL about this report.

See answer to question four

6. A list of all documents sent by TfL to the Mayor's office about this report.

The report was sent to the Deputy Mayor for Transport on 11 July 2011.

7. Any minutes of any conversations that anyone at the Mayor's office has had with TfL about this report.

There were no documented conversations.

8. A list of all conversations that anyone at the Mayor's office has had with TfL about this report.

A conversation took place by phone on Friday 8 July between TfL officers and GLA officers regarding the response to the Assembly Mayor's Question 2091\2011 in which the report was mentioned by TfL.

If you have any further questions relating to this matter, please contact me, quoting the reference at the top of this email.

Yours sincerely

Transport Policy & Projects Manager
